

River City Science Academy Intracoastal

Dear Business Owner,

River City Science Academy (RCSA) Intracoastal would like to invite you to become a partner in a group of select local businesses sponsoring our school until May 2023. We are a great elementary school in your community! Our programs are enhancing the educational experience for our students, but we need YOUR help to continue them. We are excited about bringing affordable, yet effective advertising for your business, while always appreciating your support for our students and teachers.

As we are preparing for a new school year, we are requesting a donation of goods or services to support the teachers and students in the RCSA Intracoastal Community. All money raised by your donation will directly benefit the students of RCSA Intracoastal. In appreciation for your contribution, your company's name will be prominently displayed outside our building, on our school website under the "Partners" page, and in our school newsletter which is sent to over 450 parents and families (this will increase to 650 in August 2022).

We are offering a sponsorship/advertising program through the sale of banners for 2022-2023 school year which will be displayed on the fence facing the car rider line. Every day, the entire student body is picked up from school by parents or grandparents who sit along this fence waiting for their child. We also have exposure to San Pablo Rd., a very heavy traffic area, for first-come, first-served in sponsorship. The school will place the banners from left to right with its custodian to secure on the fence. If banners are damaged by sun, hurricane, or natural cause, the sponsor may reprint banner and send to the school.

River City Science Academy Intracoastal
